

WHAT SHOULD AN SAQ ANSWER LOOK LIKE?

A = **Sentence #1**: reword the question into a declarative statement that **ANSWERS** the question. If it's an **IDENTIFY** question, this is all you need

C = **Sentence #2**: Actual stuff (**CITE EVIDENCE**) that happened in world history that proves sentence #1.

E = **Sentence #3**: Draw a clear connection for the reader by **EXPLAINING** how sentence #2 proves sentence #1. The word **BECAUSE** needs to be in this sentence!

HERE IS A TEMPLATE FOR WRITING THE SAQ

(reword the question into a statement) _____ **was** (your answer)
_____. (specific stuff from history that proves sentence #1)

(this is where you explain the connection between sentences #1 and #2) **This shows / This is demonstrated**
by / This is proven by / This illustrates / _____
_____ **because** _____
